

# Internship Environmental Impact (M/V)

## Lloyds Bank, location Amsterdam

### Are you the student who will help us to reduce our CO2 footprint?

**Lloyds Banking Group** recognises the global challenge posed by climate change and other environmental issues. We recognise our responsibility to reduce the environmental impacts of our business operations and are committed to reduce our carbon dioxide (CO<sub>2</sub>) emissions.

There for Lloyds Banking Group kindly invites strongly motivated students to apply for an internship to help us to reduce our CO<sub>2</sub> footprint.

The internship will last 6 months. Within this half a year the student will investigate and measure current CO<sub>2</sub> footprint. Following this short and long term recommendation are made to reduce the CO<sub>2</sub> footprint. Where possible the student will help to implement the made recommendations.

The tasks will consist of, but are not limited to the following:

- Investigate, report and present current CO<sub>2</sub> Footprint;
- Make short and long term recommendations to reduce CO<sub>2</sub> footprint;
- Support implementation of CO<sub>2</sub> reducing changes.

For this role the following qualifications are required:

- Appropriate study in business and environmental fields;
- Knowledge and motivation with regard to CO<sub>2</sub> reduction;
- Ability to work in a team as well as independently in a proactive and organized way;
- Excellent communication skills (in Dutch and English verbal and in writing).

Language in the office is Dutch, however all correspondence, meetings and calls can be in English!

If you fit the profile, please send your CV and motivation letter in English to: [recruitment@lloydsbank.nl](mailto:recruitment@lloydsbank.nl)
