

# Internship Risk Management (M/V)

## Lloyds Bank, location Amsterdam

Lloyds Banking Group kindly invites strongly motivated students to apply for an internship within its Risk Department in Amsterdam.

The Internship will last 6 months. Within this half year the student will be able to gain knowledge and working experience in the areas of Credit Risk. The tasks of the student will consist of the following:

- Support the changes in the internal control environment
- Support the review of the processes, risks and controls related to the usage of credit risk models
- Work on projects related to credit risk processes and procedures,
- Optimising and documenting processes by interactions with other lines of business
- Take part in team meetings, discussions and the preparation of decision making within the Credit Risk Team (8 persons)
- Support the set-up of the controls test cycle
- Get an understanding of working process and organisational infrastructure in the financial services industry

For this role the following qualifications are required:

- Education preferably in direction of accounting/auditing and controlling
- Good understanding of internal control processes
- Excellent skills in MS Office, including MS Visio
- Mentality to get the job done as requested, while focusing on improving quality and efficiency of output
- Open to learning new skills and insights into banking
- Analytical skills, especially with regards to financial analysis
- Excellent skills in communication (English and Dutch, verbal and in writing).
- Cross-cultural awareness and eagerness to work in an international environment
- Good sense of humour
