

LLOYDS BANK

DATA MANAGEMENT LEAD

Lloyds Bank GmbH - Amsterdam

Lloyds Bank GmbH is part of Lloyds Banking Group. With our offices in Berlin and Amsterdam, we form Lloyds Bank GmbH and have over 500 colleagues.

WHAT ARE WE LOOKING FOR?

The Data Management Lead executes the Data Management Strategy, performs the role of Data Officer and is responsible for the company wide data governance framework and data governance activities.

WHICH TEAM WILL YOU JOIN?

This role is within the Data department and reports to the Head of Data. As a Data Management Lead, you will join the Lloyds GmbH Data department, which is spread across Amsterdam and Berlin with around 40 colleagues. You will closely cooperate together with the Data engineers, analysts and architects as well as project leads and key business stakeholders in various other departments such as Credit Risk, Regulatory Reporting and Compliance.

WHO ARE YOU AND WHAT DO WE ASK FROM YOU?

- Implement, on a concrete level, Data Management requirements from the Group Data Policy and Standards as well as related law, regulations (e.g. BCBS239) and international standards
- Responsible for the local Data Management Policy
- Design and implement Data Management controls
- Define and monitor Data Management risk and control indicators
- Contribute to the Data Strategy by advising on data management market standards and best practices
- Maintain the Data Governance framework and perform data governance related activities
- Act as point of contact for the business on Data Management topics
- Perform the role of Data Officer
- Improve, maintain and coordinate the DQIM (Data Quality Issue Management) process
- Contribute to the assessment of new suppliers and relevant contract negotiations and to the review of existing suppliers in the area of Data Management
- Act as an ambassador and advisor for Data Quality and contribute to build a culture of continuous improvement of Data Quality

TO SUMMARIZE YOUR SKILLS:

- Recognised university degree in a Data related discipline
- Knowledge of data management related law, regulations and international standards (e.g. BCBS239, GDPR, Basel)
- Knowledge of Data Management frameworks (ex. DAMA -DMBOK, DCAM)
- Professional experience in Data Management and project management of min 3 years
- Excellent analytical skills
- Capability to build effective and collaborative relationships
- Effective verbal and written communication skills
- Fluency in English (Dutch and/or German is a plus)

WHAT'S IN IT FOR YOU?

On top of being part of a great group of colleagues we offer you;

- A compensation package in line with the market with excellent secondary employee benefits
- **13th MONTH** salary, either paid monthly or once a year in December
- A position for 32 to 40 hours a week
- We value your **WORK-LIFE** balance, so offer;
- Flexible working; you can schedule your work hours to meet your personal needs
- Hybrid working; you can work from anywhere, even work from another country within the EU
- And provide you with a home office set up
- **30 DAYS PTO** (or 240 hours) per year (based on fulltime employment)
- You can '**SWAP DAYS**' to exchange Dutch National Holidays for another day of your choosing
- You can join our collective **MEDICAL** scheme with a discount
- To support our Green goals, we encourage you to purchase a bike via our **BIKE PLAN**
- We want you to be healthy, so support you in joining a gym of your choosing through our sponsored (bedrijfs-) **FITNESS**
- Get to know everyone in person and join the quarterly Connection **EVENTS**

Have we made you curious, and are you ready to join the team? Please introduce yourself to us in the best way possible and send this to: recruitment@lloydsbank.nl

A screening is part of the process.

We hope to meet you soon!
